

KRKA ENDURO RAID 2027 REGULATIONS

1. TRXRAID SAGL

Is a company located in Viale Carlo Pereda, 16 – 6828 Balerna (TI) - Switzerland, who specializes in sport events organization, such as raids, trips, expeditions and training, of both adventurous and touristic character.

2. KRKA ENDURO RAID

Two days International Enduro Raid taking place from April 23rd to April 24th, 2027, in Primosten, Croatia, this year at its 16th edition.

Competitive enduro event runs alongside amateur raid. Special/timed stages are optional.

3. BASIC CONCEPT

KRKA ENDURO RAID 2027 offers Soft, Classic (Hard) and Extreme tracks.

Even if the event remains an "amateur" not competitive raid, it gives everyone the chance to compete against the clock.

Pilots wanting to enter the 2027 Primosten Trophy ranking will need to drive the best timing (Enduro and Cross Test).

As usual all special test, as well as the hard sections (also called red sections), are optional and each driver can choose the most suitable path to his ability.

For safety reason, only soft paths (green sections) are allowed to be driven by twin bikes riders.

4. REGISTRATION

Your registration for the KRKA Enduro Raid 2027 will be effective after fulfilling all the three following requirements:

- A) Complete filling of the ONLINE application form
- B) Your ONLINE confirmation of full approval of the event's regulation
- C) Remitting the due payment

Only after the payment of the entry fee is duely credited to our account, participants will be put on the starting list, only visible on your DASHBOARD. It may take a few weeks to process the payments

PLEASE NOTE: ONCE REGISTRATION IS COMPLETE, PAYMENT MUST BE RECEIVED BY 31 OCTOBER 2026 AT THE LATEST. Failure to pay the registration fee by the first deadline will result in the loss of priority. The organisers reserve the right to move down the waiting list, allocating the available place to the next candidate who completes payment.

5. PARTICIPANTS

KRKA ENDURO RAID suits all enduro enthusiasts, of any age and experience level. For safety reason, the organization requires an amateur experience level in practicing enduro.

6. VEHICLES

All mono and twin enduro motorbikes, dual-sport motorbikes are allowed to participate to the event, as long as they are regularly registered and compliant with the European traffic laws. For organisational reasons, **QUADs and SIDE-by-SIDEs are NOT permitted at the event.**

Use of mousse is MANDATORY for all motorcyclists.

9. EVENT COURSE

The average mileage is approximately 100-120 km per day on easy gravel roads, suitable for all kind of bikes and riders of all riding skills.

The **Hard Sections**, branched from the main soft path, develop on off road stoned single track, suitable for expert pilots in good physical shape.

All Hard Sections are optional and each section can be driven through or skipped at the rider's choice by keeping on the soft path.

All hard sections are tagged with three difficulty levels:

E (Easy) - single track, difficulty level low, suitable for all drivers

M (Medium) - single track, difficulty level medium, with natural hurdles and suitable for expert pilots

H (Hard) - long single tracks with serious natural hurdles, suitable for expert pilots in excellent physical shape.

The difficulty level has been valued in dry course conditions. Atmospheric conditions may sensibly modify the level difficulty.

Twins are not allowed to enter any of the three levels of hard (Red) sections.

Warning note!

We remind all drivers that all the paths are open to the normal private traffic and to pedestrian, hikers, hunters, farmers, animals and the like.

Although hard sections will be guarded by KRKA Enduro Raid staff during the two days of the event, it is not possible to guarantee the total lack of local traffic on the event course, so please keep your attention high and drive safely.

10. OFF-ROAD CIRCULATION

The organizer TRXRAID invites all participants registered at KRKA DISCOVERY and KRKA ENDURO RAID to avoid any off-road circulation during the week leading and following the above-mentioned events, from 17th April till 7th of Mai.

The authorization of the authorities relative to off-road circulation in the Sibenik, Split, Drnis, Knin and Zadar region are valid only during the days of the event, exception granted to all the STAFF to prepare the tracks before the event.

To all riders registered at KRKA ENDURO RAID 2027: it's strictly FORBIDDEN to enter any off-road path and to test any time sections test.

Each participant who does not respect this organization rule will be immediately excluded from the event.

11. GPS AND NAVIGATION

The use of GPS is MANDATORY FOR ALL DRIVERS.

Following the official route ensures the smoothest possible drive. It also prevents you from getting lost due to possible tampering with or vandalism of road signs.

Route marking rules:

- **Timed sections:** These are the only sections fully marked with arrows and signage.
- **Transfer sections:** No physical markings on the route.
- **Routes:** Navigation is exclusively via GPS track for both the GREEN (Easy) and RED (Hard – E-M-H) routes. All interested competitors will be provided full GPS tracks covering both the entire soft path as well as all the hard sections.

TRX KRKA staff will load the first and second day's GPS tracks on the competitors' devices at Reception and Registration.

12. COURSE SIGNAGE

The timed sections will be marked with the usual signage.

13. SPECIAL TESTS

2027 program includes at minimum:

- 2 timed beach Cross Tests
- 4 timed Enduro tests

Twin bikes are allowed to the beach Cross Tests only (anyway optional).

Special Cross Tests start will be regulated by semaphore. The Enduro Test will be regulated by marshall.

The beach Cross Test will close at 17:00 pm, on both race days.

14. PRIMOSTEN TROPHY

To enter the "PRIMOSTEN TROPHY" ranking, competitors need to drive all hard sections and all special tests during the two days event.

KRKA Organization Marshalls will be placed along hard sections to check drivers' passage.

15. CHECK POINTS

All drivers must initiate their raid from the Start Line in Rudina Square.

Start and Finish CHECK POINT in Rudina square are **MANDATORY** due to safety reasons.

Hard Sections: there may be secret checkpoints on the paths.

It is not allowed to leave the event course without notification (i.e. calling the emergency number or passing the Rudina square finish CP).

KRKA Enduro Raid is driven on open roads, where Police or local authorities can verify traffic regulations compliance as well as check drivers and vehicles along the course.

16. START GRID

The starting area will be set up in Primosten's Rudina Square, based on different groups, according to the "first in, first out" concept.

Bikes alignment beginning at 7.00 am on both race days.

17. START

Four/Five riders will start every minute.

First group start timing 08:00 - 08:40

Second group start timing 08:45 - 09:20

Third group start timing 09:25 - 10:10

The above timing applies to both days.

To the 30 top ranking 2026 pilots a preferred start in the first 30 is granted:

On day 1 according their KRKA 2026 racing number.

On day 2 start of the first 30 riders will be granted according to their 2027 day 1 general ranking.

All other competitors, on both days, will follow afterward, on a "first in, first out" basis.

During the preliminary phases and in Primosten's downtown -i.e. inside the ancient city walls- all bikes must always be hand pushed while their engines off.

All bike's engines can be turned on at the starting line only.

18. MANDATORY SAFETY EQUIPMENT

All riders must be equipped with a GSM phone, with fully charged battery and confirmed roaming on Croatian network, to be able to contact TRX organization in case of emergency.

19. BRIEFING

Briefing, though ONLINE, is mandatory for all pilots for safety reasons.

Riders will receive updated general and special instructions by the Race Director.

20. ENVIRONMENT

We ask all drivers to pay the greatest attention to the environmental impact produced by their bikes, considering human presence on the paths, the respect for nature and private properties. The organization will arrange waste collection at the main meeting points: start, refreshment station, arrival, etc.
